## FIRE SERVICE EXPERIENCE

**Firefighter EMT** | [Employer Name] | [City, State] | [Month Year] - Present

- Respond to fire, rescue, and medical calls and perform assigned duties within department procedures and EMT scope.
- Advance hose lines, support search and rescue, and perform ventilation or overhaul tasks as assigned and trained.
- Provide basic life support assessment and care within EMT protocols until transfer or transport.
- Inspect assigned apparatus and equipment and document readiness or maintenance concerns.
- Recorded incident or training details accurately for supervisor review under department policy.
- Practiced patient assessment and safe transfer protocols within the certification and assigned role.
- Supported 600+ annual fire and EMS responses, providing EMT-level assessment and care within protocol and medical oversight.
- Performed scheduled truck and SCBA checks for an eight-member shift and promptly reported maintenance discrepancies.
- Participated in quarterly patient-care documentation reviews to strengthen complete handoffs to transporting teams.
- Supported a station safety briefing with clear reminders on communication and crew accountability.

**[Previous Position Title]** | [Employer Name] | [City, State] | [Month Year] - [Month Year]

- Completed supervised evolutions covering PPE, SCBA, ladder operations and fireground communications.
- Participated in multi-unit scenario practice with incident command role assignments and equipment accountability.
- Recorded apparatus inspection findings and performed readiness tasks under instructor supervision.
- Maintained drill documentation and debriefed safety observations with the training group.
